

**If you trust the information in the Bible, why should you not trust my
patented invention Immanent Therapy?
Which only confirms the words of the Holy Bible,
New Testament from John 1;1**

1 In the beginning was the Word, and the Word was with God, and the Word was God.

2 The same was in the beginning with God.

3 All things were made by him; and without him was not anything made that was made.

4 In him was life; and the life was the light of men.

5 And the light shineth in darkness; and the darkness comprehended it not.

6 There was a man sent from God, whose name was John.

7 The same came for a witness, to bear witness of the Light, that all men through him might believe.

8 He was not that Light, but was sent to bear witness of that Light.

If you want to know how it works, you need to read [this article](#) very carefully.

Scientific fact; - Blocked torsion fields cause different diseases.

The algorithm of patented Program Immanent Therapy[®], among the other methods, contains a medical complex of sound resonance therapy, based on special sound commands and fragments, taking into account the scientifically confirmed results. For example, the experience of German biophysicist, Professor Fritz-Albert Popp, who is considered to be the founder of Biophotonics.

Genotype effectively restores its performance when using the audio complexes' repertoires in the therapeutic processes of Biophotonics.

Medicine is tantalizingly constrained sometimes in its proposals on treatment methods.

Linguistics-wave correction of the working process of chromosomes functioning on the material, wave, mental, quantum and photonic levels points at the body's ability to restore the genetic modification due to this algorithm.

The Immanent Therapy[®] Program has been patented by Academician of the UTA /Ukrainian Technological Academy/, Doctor of Psychology, specialist in psychodiagnostics* and psychocorrection** [Volodymyr Naumenko](#). The program can perfectly adjust the recovering development of biosystem!

*Psychodiagnostics is the discipline that deals with psychological assessment and diagnosis, personology and psychopathology.

** Psychocorrection is a system of measures aimed at correcting the shortcomings of psychology or human behavior using special means of psychological impact.
